OUTFIT  
WINNERSixth Ohio Is Victim to 33d  
Michigan Ball Club by  
17 to 1 Score.TWELFTH WIN OF  
MICHIGAN BALLERS

ON THE eve of their departure for home, the Sixth Ohioans were given an actual joint Thursday afternoon when the 33d Michigan baseball squad ran wild on bases and clouted the little, old, round ball at will. Consequently the pastime scene at Camp Cotton wound up with the Michigan ballers holding the winning end of a 17 to 1 score.

Being afraid of publicity was the only fault to find with the 33d Michigan baseball squad. Hereafter there wasn't much done as to what the Michigan crew was doing, baseballers speaking, but a rise worked and full spectators were gained as a result of the rise. The mere announcement that the Wolverine slayers had played but one game to date brought out the dope.

The Ohio aggregation was trimmed Thursday in the 12th consecutive game of any importance that the Michigan gang played so far this season. And the trimming Thursday was the second time the Ohioans fell victims to the upstarters. Incidentally, it might be mentioned that the Michigan team stands 12th in the percentage column to date.

Slugging—real, old fashioned slugging—was one of the features of the Thursday mixing in which Besset circled the buns on four different occasions, and Launcet also cracked in a four ply rap. Duncanson slugged a hot one for three bases and Launcet, Parker, Grace and D'Almeida each picked off two base hits.

Brush of the Sixth Ohio regiment, and Cook of the Michigan outfit, were the unfortunate men who were chosen to hold the indicators.

The lineup follows:  
Michigan—Besset, cf; Shreeves, cf; D'Almeida, cf; Conner, 1b; Parker, 2b; Kanasowski, 3b; Grace, ss; Duncanson, lf.  
Ohio—Hennett, lf; Johnson, cf; Hartley, cf; Newton, 1b; Spencer, 2b; Lacker, 3b; Perkins, 3b; Fayette, ss; Slindinger, p.

"We are open to meet any baseball team on the border," stated Lieut. Weine, who is managing the Michigan team. "A call at telephone number 4163 will reach us at any time. We want games with the best outfits and are especially desirous of meeting the Seventh U. S. Infantry, 11th and 13th U. S. Cavalry teams."

On Sunday the Michiganans will play the 33d U. S. Cavalry team, a company in what is expected to show the comparative strength of the militia organization with the regulars on the border.  
Michigan's record dates back to 1916 when the 31st Michigan club was beaten, 14 to 6 and 3 to 4. The 34th U. S. team lost to Michigan, 6 to 1, with Lucas pitching and he is one of the good men on the border. The Fifth Georgia lost four games to Michigan with the following scores: 16 to 11, 22 to 6, 9 to 4 and 9 to 8. The Armour club dropped two, 12 to 2, and 16 to 2, to the Michigan outfit and the El Paso high school team, 14 to 6. The last two contests with the Sixth Ohio went 19 to 7, and 11 to 1 with Michigan on the long end.

The 32d Michigan has an enviable record for the season and it is not unlikely that some of the other regiments which have failed to creep into print will come out with a little correct dope on their standings in the district.

TEAM EVENT WINNER

EL PASO'S telephone bowlers finished in third place in the first inter-state telegraphic bowling match last night. Teams from Denver, Butte, Helena and Salt Lake competed. The local telephone company cracks finished in third place in the singles, third place in the team event and fourth place in the doubles.

Denver walked off with the honors. Besides winning the five man team event, the Rocky mountain speed rollers snatched first position in the singles. Butte's entry in the doubles landed first place with Salt Lake City second. Butte, El Paso's entry in the singles, felled fairly well, his scores of 161, 187 and 174 giving him a total of 522. In the doubles, Kelly and Phillips failed to show as well as expected. Their grand total of 972 gave them fourth place.

The team work of the local cracks was not so bad. Their grand total of 2479 was mighty good considering the fact that they were rolling some good pin spillers. Van Dusen was the star of the local crew, his high game being 187 while his high total was 545.

**BIG BOXING CARD STARTS HERE 2:30**  
One of the best boxing shows of the season is slated for this afternoon when Tommy O'Toole and Freddie Anderson mix it for 20 rounds, if the bout lasts that long. The card at the Smelter arena is scheduled to start at 2:30 o'clock.

Two preliminaries will be staged. Jack Redmond will meet Sailor Thompson in the six round event and Battling Martin will clash with Tommy Buck in the curtain raising bout. Seat sales predict a large attendance.

MAYBE Tommy O'Toole and Johnny Newton, and a few others in the federal service right now are thinking they are fortunate. After Les Darcy's personal appeal to be reinstated by the New York governor was turned down because he evaded military duty, it begins to look like roses ahead for the military boys.

There are Cubbs all over the U. S. it seems. Detroit has its Tyrus, Missouri its Corn Cobb and the 33d Michigan another Cobb. The last named is an amper, or was until after he finished holding the indicator in a 17 to 1 game, Thursday. They say he's quit his job.

AFTER ALL OF FRANK CRAIGIE'S CHIRPINGS WE DIDN'T HEAR A SOUND OUT OF HIM THAT INDICATED THE FIFTH GEORGIA BALL TEAM WAS TRIMMED 22 TO 6, EARLY IN THE SEASON. HOW ABOUT IT, FRANK?

Several militiamen we know are laid up and unable to attend to military duties. They straggled their necks in watching the airplanes flying over the camps, the other morn.

Indoor sports: Hitting flies. Pretty soon—huh?

They're gonna introduce setting up exercises and some other few army stunts to the boys, according to dope. But if it comes to company drill and somebody yells, "Strike one!" the drill master is likely to see the discipline shot to smithereens.

Branch Rickey, formerly pilot of the Browns, is being mentioned as a new leader for the Cardinals. Rickey, however, has been much accustomed to squatting in the lonely space so it won't hurt his pride any if the Cardinals do sneak into seventh place.

MATT BROCK IS READY TO CANCEL AN ENGAGEMENT FOR NEW ORLEANS TO GET A CHANCE TO MEET JOHNNIE KILBANE IN ST. LOUIS. MARK 26. THE MILLING SHOULD BE A GOOD ONE BUT THE ODDS ARE PRETTY STRONG FOR KILBANE. ALL HE CAN GET IS A NEWSPAPER DECISION UP THERE, ANYWAY.

Chicago will be the scene of the world championship basketball ball contests between March 13 and 15. The University of Utah won the tournament last year and is looked to give a good account this season, as well.

The White Sox got a rather cool reception on their arrival in Mineral Wells. There was snow on the ground and all of the players expected to step off the cars with straw hats on their heads.

A certain paper will give a reward of \$100 to the man who can find a better place to live than the one he is now in.

GEORGIA  
LOSES TO  
TEXANSEl Paso Rifle Club Asks  
Sergeant Frank Craigie  
for the Right Dope.EXPECT TO STAGE  
ANOTHER CONTEST

THE rifle shoot last Sunday on the Fort Bliss range in which the El Paso rifle club won from the Fifth Georgia outfit by the narrow margin of three points, is bringing on some little discussion, it is not unlikely that the two teams will be matched for another rifle contest in the near future.

"The Texas Longhorns were shooting on a foreign range, one on which they had never shot before, but they forced Georgia to taste the bitter sting of defeat," quotes one member of the El Paso club.

"However, the match was a most interesting one, made more so by the fact that among the Georgia shooters are men of high national standing, some of them having shot on the Georgia representative team at the national shoot in Jacksonville, Fla., last season."

Incidentally, the Texas shooters are awaiting the announcement of the scores and ask "Sergeant Frank Craigie" to come across with the right dope.

Following is the total score on each range:  
Georgia, 300 yard prone, 260; El Paso, 264.  
Georgia, 500 yard prone, 248; El Paso, 267.  
Georgia, total, 528; El Paso, 531.  
Total margin, El Paso 3 points.

Whether the two teams will be matched again soon is hard to tell, but the El Pasoans are anxious to show the Georgia bunch that "they can turn the trick once more." Unless late orders for hurried preparations on troop movements interfere, it is probable that Georgia will accept the invitation.

## DENVER SIGNS THREE PLAYERS.

Denver, Colo., March 9.—Ray Anderson, former Brooklyn and New York National league pitcher, today returned a signed contract to Hugh Jones, owner of the Denver Western league team. Three other players have signed so far. They are Bob Itron and catcher Pike of San Diego, and Manion, a local recruit.

TORONTO GETS COLONEL CATCHER.  
Louisville, Ky., March 9.—Robert Williams, a catcher with the Louisville American association team last year, has been sold to the Toronto club of the International league. It was announced last night by president O. H. Wathen of the Louisville club.

will take us in the matter the Texas outfit unquestionably established a record of its own in their regions.

There's one thing about the Michigan eleven which will have to be taken into consideration. That aggregation was headed by George Kennedy, a man whose inside stuff on the game was gained under "Hurricane" Yost, the Michigan varsity coach and one of the greatest mentors in the game. Kennedy learned what he knows of the game when Yost was in his prime, and that meant a lot to those middle west teams which bucked up against Yost's combination.

Kennedy had a bunch of yearlings—not a squad of trained players when he opened the season. But he whipped them into shape. He did nothing else but keep his eye on the youngsters. And he found great material in some fellows who never gave football a thought before in all their lives. It was the same stuff which Yost has applied so many times. Yost picked many a star from a group of men who never encountered the tactics of the gridiron until they went to school.

All in all, there's a lot of credit due the Michigan fellows for their showing in football here, and there's a lot of credit due the Texans. There's absolutely no way to decide which team is the better. The only manner would be to have the eleven play a game and that is an absurd thought, for the Michiganers disbanded long ago. That wonderful tackle, Treat, is once more back at the first station in Grand Rapids. Schultz, star in the backfield, lost his life in El Paso through an accident. The entire squad is scattered here and there over the state of Michigan.

With all the love for the game every man on the team possesses, there is positively nothing which could get them together again under the same conditions.

Let Texas claim the title of her regions, and let Michigan have the "easy" of the El Paso district. That's the only way out of it.
